DZINTARI CONCERT HALL

Concert hall

The Dzintari Concert Hall is one of the landmarks of Jūrmala — a real pearl of nature and architecture next to the Baltic Sea. After renovation the concert hall hosts an indoor concert hall in the style of the thirties with 500 seats, a restaurant, a chamber hall and an acoustically perfect outdoor summer concert hall with 2100 seats surrounded by a garden next to the coast of the Baltic Sea.

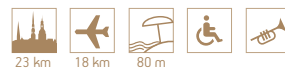

The building of the Dzintari Concert Hall was built in 1936; it is a great example of neo-classical architecture with features of national romanticism. It was opened in May of 2015 after renovation and addition of extra premises.

Indoor concert hall, restaurant and chamber hall available all year long. The historical hall with its modern infrastructure is the perfect venue for celebrations. Business meetings, conferences, presentations and concerts.

Dzintari Concert Hall provides light and sound services, video projections, internet connection, consultations in concert and event management as well as all the necessary service staff together with its premises.

We are located in the city centre of Jūrmala only a 15 minute drive away from the airport and a 30 minute drive away from Riga.

The historical building of Dzintari Concert Hall has been entered into the Latvian Cultural Canon.

10 IDEAS

FOR GETTING AWAY FROM THE OFFICE

SPA. The SPA resorts offer not only relaxation at the pools and saunas; they offer you to discover the secret of eternal youth. Moor procedures and swims in the water from sulphur springs have been known to heal chronic and protracted illnesses. These procedures improve blood circulation as well because tissue and cells receive more oxygen and nutrients.

SUNSET. The best sunsets can be enjoyed right at the beach. It is simple. All you need to do is wait for the evening and head down to the beach. The rest is out of your control. You will see the most unforgettable sunsets at the nature trails of Ķēmeri Bog. The atmosphere at this location is magical. Be careful, though — some legends say that there is a nasty witch living in this area.

BALL SPORTS. Golf. Tennis. Football. Volleyball. Bowling. Golf Club Viesturi is a 20 minute drive away from the border of the city. As for tennis, Jūrmala can offer both outdoor and indoor courts for your matchups — they are located in hotels and several tennis clubs. Football and volleyball is usually played at the beach of Jūrmala. You will find this hard to believe, but this is going on in winter as well.

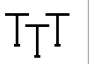

HORSE RIDE. It is not only a pass-time of aristocrats. Horses are great doctors! Equine therapy will handle even chronic stress as it eases depression and anxiety. The horse ride will improve your breathing, prevent cardio-vascular diseases. This service is available in Vaivari and Jaunķēmeri.

SAND. The leading beach experts of the world have agreed that the sand of Jūrmala beach is perfect. Its secret lies in the perfect shape and size of each grain of sand that makes them soft and especially gentle. If you feel bored by the city beach, you can visit the Ragakāpa Nature Park that has forests, dunes and sea like several thousand years ago. Primitive and beautiful.

WATER PARK AND SKATES. 15 slides, 6 types of saunas, SPA procedures and massages. This is one of the leading water parks in Eastern Europe and is open even when the beach is covered with ice. If you have nothing against ice, then the Majori skating rink is the right place for you! It is open both in summer and winter.

YACHT. Relaxation by the sea is not complete without a ride on a yacht. The city yacht clubs are located in Lielupe, close to the Railway Bridge. Yachts and boats of various sizes and even a leisure ship is available for hire. A ride on the historical sailing ship Lībava that can hold up to 40 passengers and offer a ride along the entire coast of the Baltic Sea.

+371 671 479 00. This is the phone number you need to make this come true. The staff of the Jūrmala Tourism Information Centre will gladly tell you more on how to have this adventure! All information on the mentioned services is available on the Jūrmala Tourism Information Centre web page www.visitjurmala.lv
